

Perine Danforth Company, LLC

HEY BIG STUD!!

Weld studs were the industry standard for years. But as OEM's and Tier One's continue to outsource stamped assemblies, stampers have been searching for better assembly processes. Clinch Studs offer several advantages:

- ◆ Lower In-Place Cost
- ◆ Stronger, More Reliable
- ◆ Quick, Easy Installation
- ◆ Near ZERO Defects

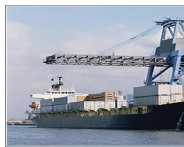

- ◆ Strux™
- ◆ PEM™
- ◆ "Generic"
- ◆ Top Weld
- ◆ Bottom Weld

Let Perine Danforth assist with your application and design requirements for either weld studs or clinch studs.

Global Sourcing

Logistics Management
